

CAPABILITIES STATEMENT

CORE COMPETENCIES

- Patented portable teaching kitchen - Kitchen a la Cart + Kitchen a la Cart Jr
- Integrated electric components: oven, induction burner, hot + cold water
- Work space area for 10 people
- Complete set of small wares, pots + pans, blender, baking supplies
- Year long curriculum + training resources

DIFFERENTIATORS

The Kitchen a la Cart is the only commercially built, portable teaching kitchen that is health department inspectible. The patented 3 prong integration of oven, induction burner + hot water provides workspace for interactive learning. Others are just demo carts without water.
